PROFESSIONAL SUMMARY

Junior Software Engineer 1+ year of professional experience in web and mobile development. Experienced in building and maintaining scalable applications using React.js, Node.js, Express.js, and SQL databases. Strong understanding of Agile/Scrum methodologies, software development lifecycle (SDLC), and collaborative team environments. Passionate about learning new technologies, solving complex problems, and delivering high-quality software solutions.

TECHNICAL SKILLS

Languages: Python, JavaScript, Linux CMD, HTML, CSS.

Frameworks & Libraries: React.js, React Native, Node.js, Express.js, Django, Flask.

Tools : Git, GitHub, Postman, VS Code, Figma, Expo.

Databases: MSSQL.

Cloud & Methodologies: Azure (App Service,Kubernetes,Jenkins) CI/CD pipelines, RESTful APIs.

PROFESSIONAL EXPERIENCE

Navabharth Technologies

Mysuru, Karnataka (WFO)

Junior Software Engineer

Dec, 2025 – Present

- Developed and optimized 5+ dynamic components for a core web and mobile application using React.native, Node.js, enhancing system loading speeds by 15%.
- Collaborated daily in Agile/Scrum sprints with project managers and developers to scope, build, critical software releases ahead of timeline targets.
- Identified, systematically debugged, and resolved 25+ high-priority software defects, significantly improving production environment stability and user experience metrics.
- Utilized RESTful APIs and SQL database systems to securely store and process dynamic user-authenticated data entries.

Hindustan Aeronautics Limited (HAL)

Bengaluru, Karnataka (WFO)

Apprentice Trainee

Feb, 2025 – Aug,2025

- Engineered and launched a Flask-integrated conversational agent, reducing manual oversight by 50% while improving customer interactions via rapid query resolutions.
- Designed and deployed an interactive Flask-based chatbot using Python, HTML, and CSS, capable of handling user support queries efficiently.

TECHNICAL PROJECTS

Multi-Application E-Commerce Platform

Technologies: React.Native, Node.js,Express.js,
MSSQL Server.

Dec, 2025 – May, 2026.

- Engineered a fully functional, responsive e-commerce platform scalable catalogs, stateful shopping carts, and dynamic pricing metrics.
- Implemented clean UI/UX modules and secure token-based user authentications, cutting checkout API response delays by 10%.
- Successfully integrated custom automated web forms and hosted live deployment directly on GitHub and GitHub Pages and cloud platforms.

Lead Management CRM System

Technologies: React.js, Node.js,Express.js,
MSSQL Server.

March, 2026 – April, 2026.

- Designed and developed a Customer Relationship Management (CRM) system to manage lead acquisition, customer onboarding, and sales pipeline tracking.
- Managed and tracked 1000+ customer interactions per month, improving lead conversion and customer engagement.
- Integrated CRUD operations, authentication, role-based access control (RBAC), and workflow automation.
- Collaborated in Agile/Scrum development environments with version control using Git.
- Optimized analytical index queries, resulting in a 25% reduction in runtime retrieval benchmarks across over 1,000 continuous data entries.

EDUCATION

Bachelor of Engineering (IS&E) — 2024 | GPA: 7.21 Visvesvaraya Technological University,
B.I.E.T College Davanagere.

Diploma In CS&E — 2021 | 65.5% Dept. of Technical Education, DRR Govt College Davanagere.

CERTIFICATIONS & ACHIEVEMENTS

- AWS and DEVOPS Training at MNP Technologies Marathahalli, Bengaluru - 2025.
- The Complete Full Stack Web Development Bootcamp - UDEMY - 2025.
- 100 Days of Code: The Complete Python Boot-camp - UDEMY - 2024.
- Participated in coding Hackathon - 2023.

LANGUAGES

- English, Kannada, Hindi.
